

Participant Choice, Provider Information & Conflict of Interest Disclosure Statement

At National Community Care (NCC), we recognise and respect every participant's right to exercise choice and control when selecting providers and supports that best meet their individual needs and goals.

While National may also be a selected service provider for some participants, our Support Coordination team remains committed to supporting participants to make informed and independent decisions regarding their supports and services.

Where requested, participants may be provided with information regarding external providers that operate within the Canberra region suitable to your needs. These providers may be identified based on previous professional interactions, service availability, responsiveness, or participant feedback. However, participants are under no obligation to engage any provider recommended or referenced by National.

National is committed to managing any actual, perceived, or potential conflicts of interest in accordance with NDIS Practice Standards and organisational policies. Support recommendations and referrals are to prioritise:

- The participant's individual goals and support needs
- Service suitability and availability
- Participant preference and informed choice
- Safe and appropriate service delivery outcomes

The providers listed are independent organisations and, unless otherwise stated, National is not affiliated with, financially associated with, or endorsed by those providers.

Participants are encouraged to independently consider all available options before selecting a provider.

Details of the service Providers

DSK Lifecare

P: 0480 737 641

E: contact@dsklifecare.com.au

Hireup

P: (02) 9113 5933
